

# 3D PRINTING: REIMAGINED

# WWC

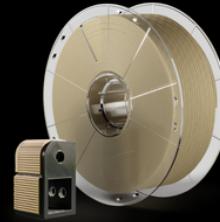

WURM'S  
WOODWORKING  
COMPANY

**PEEK**  
A high performance engineering-grade thermoplastic. Strong, durable, and low flamability.

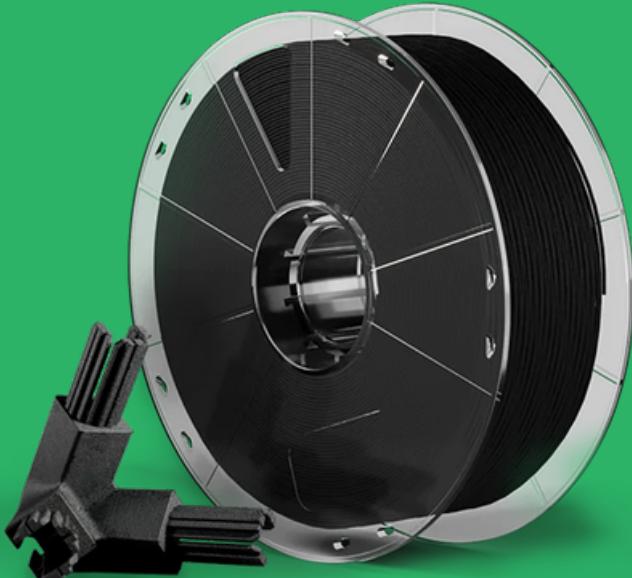

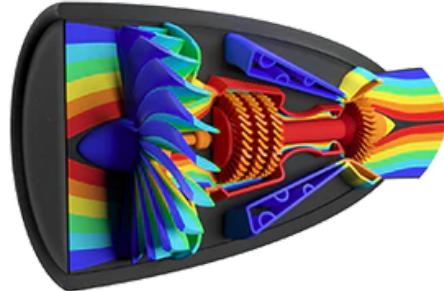

**Matrix (CF Nylon)**  
A proprietary blend of carbon fiber reinforced nylon, durable and optimized to yield parts with high aesthetic quality.

**Flex (TPU)**  
A flexible, rubber-like material with incredibly high elasticity.

**PLA**  
An environmentally conscious biopolymer-based material. Stiff, easy to print, and available in a variety of colors.

Contact us today to explore the vivid world of colors and so many more materials waiting for you. Our dedicated team is ready to assist you in selecting the perfect palette for your needs.

Transforming Ideas into Reality, Layer by Layer: Your Vision, Our Print.

**REVOLUTIONIZE YOUR VISION:  
UNLEASH THE POTENTIAL OF 3D  
PRINTING WITH WWC!**

# CREATIVE AGENCY

## WURM'S WOODWORKING COMPANY

### THE BEST SERVICE

Empower your ideas with our state-of-the-art 3D printing services. From precision prototyping to customizable creations, we offer versatile solutions with a maximum print size of up to 14" cubed. Choose high-quality materials, benefit from our expertise across various industries, and experience the perfect blend of quality and affordability. Elevate your projects with WWC - where innovation meets precision."

### OUR SERVICES

Say goodbye to lengthy tooling processes; with our advanced technology, there's no need for expensive molds or setup. We streamline the production process, providing you with a quicker, more cost-efficient path from concept to reality.

#### CREATIVE IDEA

Intricate and artistic designs to functional and robust structures, our technology can bring any concept into reality.

#### PRECISION AND DETAIL

Whether it's prototypes or custom creations, we ensure that every detail of your design is accurately brought to life.

### READY TO ELEVATE YOUR PROJECTS WITH PRECISION AND INNOVATION?

Contact us today to discuss your 3D printing needs, explore design possibilities, and receive a personalized quote. Let's turn imagination into reality together!
